

Sunshine Investigations

A VITAL PART OF YOUR TEAM

- Specializing in state and federal criminal defense and plaintiff's personal injury investigations
- Skilled in locating and interviewing witnesses, digging for complete background details and finding asset information
- Adept at evaluating discovery materials, taking photographs of injuries or crime scenes, obtaining reports and records
- Proficient at preparing witnesses for trial, organizing exhibits and testifying

Sunshine Investigations gives you the edge in CSC, homicide and assault cases, health care fraud, RICO and political corruption cases, and all types of plaintiff's personal injury cases.

The Insights Group

WE UNDERSTAND YOUR GOALS AND NEEDS

In need of not-quite-investigative services at not-quite-investigative rates? The Insights Group is for you. Our litigation support services include mitigation research, record gathering and assistance with focus groups or jury projects.

Whether working on sentencing issues in a juvenile LWOP case, digging for decades-old medical records in another state or putting together and overseeing a demographically-representative group for a jury project, The Insights Group understands your goals and needs and will work independently to bring you the information you need to make good decisions.
