Pozner on Cross: Advanced Cross in the Chapter Method

Larry Pozner (Denver, CO)

Larry Pozner began his career in the Colorado Public Defender system and later founded a premier criminal defense firm, and then a firm handling both plaintiff and defense sides of complex civil matters as well as criminal defense of all manner of offenses. For many years Larry represented the Denver Broncos franchise in trials including the lawsuit challenging Pat Bowlen’s purchase of the team. Larry is a Past-president of the National Association of Criminal Defense Lawyers. He is listed in Best Lawyers in America for Bet-the-Company litigation, and in Criminal Defense, both White Collar and Non-White Collar crimes. He recently won and collected a \$111 million judgment against a national bank.

Larry is America’s recognized authority on advanced cross examination techniques. Pozner on Cross: The Chapter Method is America’s most popular CLE. This innovative and entertaining program explains how modern cross uses principles of neuroscience and behavioral psychology to win cases. Techniques are explained in a step-by step fashion with examples.

Pozner on Cross seminars are America’s most popular CLE programs. This seminar teaches the most efficient method of analyzing discovery, moving facts into scripted cross examinations, allowing lawyers to reliably deliver powerful, sophisticated crosses that win cases.

This program demonstrates how modern cross is a series of interlocking techniques, easily learned and practiced now, not after years of practice and many trials. This system makes us into confident, persuasive cross-examiners, allowing us to control the courtroom and win votes early in the case by employing scientific principles of decision making.

Pozner on Cross: The Chapter Method – Why Attend?

You will learn to:

- Win your cases using both constructive and destructive cross-examination
- Harness the power of leading questions and logic to box-in witnesses
- Script crosses to achieve maximum control and minimize stress
- Create goal-oriented question sequences
- Master the Chapter Method® of modern cross-examination.

Do not miss your opportunity to attend this program. It will change your career.
